# Key priorities for Community Learning and Accredited provision 2023/24

## Introduction

The Wandsworth Lifelong Learning team is part of the council's Children's Services Department. It is responsible for a wide range of lifelong learning activities and courses across the borough.

The main functions of the service are to deliver:

- An extensive programme of part-time **Community Learning** (CL) courses
- **Apprenticeships** to young people and adults
- **Accredited courses** through an Adult Education budget
- **Work experience** and preparation for employment
- **A fundraising strategy which maximises income** for young people and adults learning in Wandsworth

There is a high level of participation in all programmes from learners of different ages, backgrounds and experiences. Increasingly the focus of the Service is on those who are most disadvantaged to enable improved access to learning and employment.

The [Wandsworth Council Lifelong Learning Three-Year Development Plan](#) reflects the work undertaken by the team and describes plans for the future in a measurable context. The Plan encompasses local and national priorities with the aim of targeting funding to maximise social and economic inclusion. On a local level the plan is directly linked to Wandsworth Council's corporate objectives.

## Wandsworth Borough Council Corporate Objectives

The council has six strategic objectives (and sub-objectives) that reflect the council's priorities and its ongoing corporate ambition to deliver high quality, value for money services, including keeping the council tax amongst the lowest in the Country:

- 1. Providing the best start in life** - By investing in early years provision, family support, school improvements, mentoring, apprenticeships and skills training
- 2. Greener, safer, better neighbourhoods** - By working with our community to combat climate change and improve our environment and our neighbourhoods – keeping them green, clean and safe
- 3. More homes and greater housing choice** - By delivering a range of homes to suit different needs for people who live or work in the borough, particularly for those on lower incomes, while providing more help and support to people who rent either from the council or privately
- 4. Helping people get on in life** - By helping people secure new job opportunities and encouraging investment in the borough
- 5. Encouraging people to live healthy, fulfilled and independent lives** - By helping young and old stay safe, active and in control of their lives

**6. Value for money** - By maintaining the lowest possible council tax, making every pound go further and ensuring that we live within our means

# Lifelong Learning Priorities, Aims and Objectives

Priorities	Objectives
<b>1. To lead and manage high quality learning</b>	Develop staff, resources and infrastructure to ensure effective delivery of local and national policy objectives. Continue to improve quality assurance and standards across Lifelong Learning in line with the Education Inspection Framework. Continue to develop partnerships, funding, and the procurement of high-quality learning providers/subcontractors to ensure the long-term sustainability of Lifelong Learning services.
<b>2. To increase the number of learners achieving and gaining qualifications</b>	Provide effective and relevant careers information, advice and guidance to assist learner achievement, accreditation and progression to further education, training and employment. Where appropriate, expand the potential for accreditation across the curriculum, maximising use of new technologies.
<b>3. To meet the needs of individuals, communities and employers in Wandsworth and to support effective pathways to employment</b>	Consult and involve learners, employers, providers, and other stakeholders to ensure the development of services which meet individual, corporate and community needs. Work with employers to increase job outcomes in Wandsworth for young people and adults and close skills gaps. Promote and provide access to English, mathematics and other essential education and training required for the workplace. Encourage learners to identify key experiences and skills to make the most of their opportunities to progress.
<b>4. To widen participation in learning</b>	Provide an inclusive, responsive, innovative and broad offer to encourage and improve learner participation - promoting Lifelong Learning to all age groups. Encourage learners to remain active, engaged and fitter for longer. Create learning environments where learners feel safe, respected and listened to regardless of their background or personal attributes.
<b>5. To link adult skills and community learning to other key strategies and initiatives</b>	Align the work of Lifelong Learning to wider local, regional and national strategies including employability, parenting and families and well-being for all ages. Contribute to the Council’s work with care leavers, vulnerable families and learners with disabilities and learning difficulties. Participate in area reviews and partnerships, ensuring that appropriate provision is in place for Wandsworth residents.

## Demographic Context

Wandsworth is the second largest inner London borough with a population of 327,500 (2021 Census). The 2021 census revealed that the size and make-up of the local population has changed, particularly in relation to age.

Since the last Census, the Wandsworth population has increased by 6.7%. The borough had the 4<sup>th</sup> largest population increase in inner London. The local population is now older with the largest increase seen in 55-59 year olds (+43% since 2011), followed by 50-54 (+33%). There has been a large decrease in 0-4 year olds (-14% since 2011).

Wandsworth has a lower proportion of 0-19 years olds and 65+ adults than London and a much higher percentage of 20-44 years olds compared to London and England. However, the census also revealed that there were 4,000 85+ year olds, 307 more (+8.3%) compared to 2011. This is the highest number of 85+ year olds in inner London.

Like most London boroughs, Wandsworth is ethnically diverse – 30.1% of the population is from an ethnic minority group with growing Black and Asian communities.

The English Indices of Multiple Deprivation (2019) rank Wandsworth as 173 of 317 on the average score, where 1 is the most deprived, and the area ranked 317 is the least deprived. The highest levels of deprivation in the borough are concentrated in the wards of Latchmere, Roehampton and Queenstown. There are also concentrations of deprivation in the West Putney and Tooting areas.

As with most parts of London, areas of deprivation are closely located to areas of extreme advantage and the borough is set to benefit from the regeneration of the Nine Elms area which will provide up to 25,000 jobs over the next 20 years. The Nine Elms development remains one of the largest regeneration projects of its type in Europe.

## Bidding process

To be considered for funding under the Adult Education Budget organisations must initially complete the following annually:

- The Community Learning Expression of Interest form 2023/24
- Course Application Forms
- The Due Diligence document (if successful)

The Expression of Interest form asks some general questions about your organisation and helps us establish if your organisation is in a position to deliver good quality Community Learning programmes in line with our overall mission and quality framework. We also ask for references. The forms need to be completed once every academic year (August - July) by all potential providers whether we have worked with you before or not.

The Due Diligence form should be completed annually, and requests information to perform financial checks, company registration checks, DfE checks, and policy and CPD checks.

The Course Funding Application Form details the budget requested for the courses it is intended to deliver.

The completed Community Learning Expression of Interest form is considered at a panel meeting consisting of Wandsworth Lifelong Learning staff and certain members of the Monitoring and Advisory Group. You will need to provide 2 referees from 2 different institutions/businesses (preferably providers you have delivered/currently deliver for) whom we will contact for a reference as part of the application process.

Your Business Continuity Plan must include actions in place to ensure that course delivery can continue in the case of any lockdowns and with minimal impact on learning. It must also describe how the provider will move to online learning in a timely manner.

- Statutory accounts are overdue
- If you have any other ESFA or GLA funding (directly or indirectly) and the funding from us takes your organisation over the £100,000 threshold for the funding year, you must ensure that you are listed on the Register of Training Organisations beforehand, otherwise we cannot contract with you until you do so

- If any of the funding applied for is not in line with the priorities detailed or referenced in this document
- If we are unable to obtain satisfactory references for your organisation
- If you have delivered for WCLL previously and such delivery was not satisfactory as measured through regular monitoring reports.
